Memo (1)

The Insp^r Gl of Sch^s has now submitted a large scheme for revising the scale of pay of Masters of Angl. Vernacular and Taluk Vernacular schools at an aggregate additional cost of Rs 31296 to the State Funds

2 The Chief reasons for the proposed increase are –

(1) That the scale which was fixed in 1857 and revised in 1866 has remained unchanged for more than 30 years while the standard of Education and the strength of the schools have grown ~~xx~~ and the cost of living has also increased

(2) That the scale of pay allowed to the masters of similar schools in the Kanarese Districts of the Bombay Presidency is more liberal

3 The references of 1857 have been obtained and put up while those for 1866 ~~were~~ not traceable in the General Records

4 From 1890 to 1895 there was a practice of providing for small increases to deserving school masters in the annual budget. This practice was put a stop to from 1st July 1895, as Govt sanction were of opinion that previous sanction should always be obtained before entering such increases in the Budget

(please see Sch no 11 in EdF 23/96)

Last year Govt were pleased to sanction an additional grant of Rs 13230 to improve the staff of these schools, of which Rs 2172 were for increasing the pay of masters. Mr Bhabha now submits that it is now necessary to improve the scale of pay and make it more suitable both to the existing state of the schools and to the present cost of living. We want more info. How are a number of vacancies in these schools. If there is a printed list of it let me see it all

× Vide pro no 50-51 / EdF 23-96 dt 16 10 97 (pencilled copy)

5. Further Mr Bhabha submits proposals for giving Malnad allowances to school masters in Malnad tracts which he roughly calculates to amount to Rs 3,522 per annum. The rates proposed are the same as the local allowances given to school masters near Kolar Gold Fields (Vide pencilled copy of pro no 35-6 / Ed 1 dt 1-7-97) put

The list should show of each one the number of years service and date of appointment and date of present grade and pay. Also the number of school masters in each village. Also the number of pupils in each school. Also the number of boys and girls. Also the number of Hindus, Muhammadans, Christians and others. Also the number of Brahmins, Lingayats, Vokkaligas, Kurubas, Idigas, Banajigas, Devangas, Panchamas, Holeyas, Madigas, Korachas, Korathis, Uppars, Bedars, Kabbaligas, Agasas, Kumbaras, Gangadikaras, Nayakas, Lambanis, Koravas, Yeravas, Jains, Parsis, Europeans, Eurasians, Native Christians, Muhammadans and others also

In the case of Govt schools there were special reasons often decided on which alone the grant of allowances could be sanctioned

These rates are higher than the
Mahrad allowance sanctioned to the
Taluk Officers (Vide) printed copy of
Govt proc no 11906 A dated 30th April 97,
2nd F 35-96

6 The present proposal deals with

(Memo Continued) (16)

As directed above, the Inspector General of Education was requested to submit a nominal roll of schoolmasters showing their qualifications, age, pay, promotions given and increase now recommended. He was also asked to submit a statement showing the cost of the Schools in 1890 and the increase given to them in Each of the subsequent 8 y

of all the information required for
the purpose

The information required by Govt
(re pay service etc- of the teachers
of A V and Vernacular schools) having
been found to contain in the annual
Schedules of Establishments of these schools, the
submission of the schedules for 1st July 1898 was ordered
to be expedited (see G O N $\frac{1880\ 81}{\text{Ed F 23 98}}$ d

consider the proposed recommendation
of the Dfl

The schedule of the Establishments
of Taluk Branch schools for Boys as
they stood on 1st July 1898 was received
only on 12 7 99 (put up)

The schedule of the Establishments
of the Anglo Vernacular schools for
1st July 1898 has not been received
up to date

These schedules are already a
year old —

When the Schedule of Establishments of the office of the Dy Dy of Education etc, as they stood on 1st July 1998 was received, the Ist Councillor remarked — "If this is a year old?? — I would like to have a copy sent to me to keep for reference corrected up to date"

The Dy was accordingly requested not to forward not only a copy of the schedule required by the councillor but also copies of all schedules of the Edn Department corrected up to date (see this office No 13536 dt 30/5/99 ED303

A reminder has also been issued on 12 7 99 (pub-up)

May these be awaited?

The proposed reversion involves an additional cost of Rs +31,296 to the State Funds this should be taken into consideration with the present tendency to curtail expenditure (Please see No Pg 409-48 dt 14/11/98

Note (Continued)

The accompanying statement is prepared with a view to give some idea of the Financial effect of the scheme under the Consideration of Govt

The monthly amount that may immediately be required comes roughly up to Rs 913 This calculation excludes the amount that may be required for giving similar increases to the teaches of the state Fund girls' schools In such schools, however there may be only a few who have been drawing Rs 5 & 7

Most of the teaches of the A V and Vernacular schools who are drawing Rs 5 must have their pay raised to Rs 7 under 1st July 1918, in accordan with the approved* policy of raising their pay to Rs 7

Taking everything into consider - tion, probably a monthly

* Pay raised to Rs 7 if
(1) they pass the Lower secondary Examn
(2) they put in three years' approved service

be required

A definite information cannot be had from the schedule of 16th July 1898 upon which the present statement is based, the exact amount cannot be fixed at this office

Noted

The increase of Rs 1380 (one thousand three hundred and eighty) over the present allowance of Rs 115 (one hundred and fifteen) per annum for the Teachers of Primary Schools in the Tribal Areas is not considered adequate. The Committee recommends that the allowance of the Teachers of Primary Schools in the Tribal Areas may be raised to Rs 1495 (one thousand four hundred and ninety five) per annum.

In May 1898 Mr Phibbs submitted an elaborate scheme for revising the pay of the Head and Assistant Masters of (1) Anglo Vernacular and (11) Taluk Vernacular Schools, the 1st involving an extra expenditure of Rs 12,528 and the 2nd of Rs 18,768 or a total additional burden of Rs 31,296 per annum on Provincial Funds, besides --- Rs 3,522 in the shape of Malnad allowances

After some further correspondence in matters of detail, the above scheme was held in abeyance as being too costly to be taken up all at once and what was considered to be more immediately called for was the improvement of the position of teachers drawing only Rs 5 and 6, and of peons on Rs 4a and under

Correct statistics were accordingly called for and these have now been received from the Inspector General -

	Teachers on Rs 5/-	Teachers on Rs 6/-	Peons (present minimum) on Rs 4
Taluk Anglo-Vern Schools	11	1	
Taluk Vern Schools,	43	1	5

It is proposed to fix the minimum pay of the teachers at Rs 7/- and tha

of Peons at Rs 5/- The pay of the above 56 teachers and 5 peons may accordingly be raised to Rs 7 and 5 respectively The extra cost would be Rs 1,380/- and this may be sanctioned as a first instalment of the proposed amelioration

No. 10500 27-5-98

From

H J BHABHA Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the General and Revenue Depts
Bangalore

SIR,

I have the honour to submit for the favourable consideration of Government the following proposals for revising the existing scale of pay for Head and Assistant Masters of Anglo-Vernacular and Taluk Vernacular schools The scale for the Taluk Vernacular schools has been practically the same now as it was when these schools were first established In the Hon H B Devereux's scheme of an Education Department for Mysore which was sanctioned in February 1857, one master on Rs 15 to 25 was provided for each of the Taluk Vernacular schools When curricula of studies and classifications of scholars were introduced for the first time in 1866

more teachers had to be employed, and the scale adopted (3) was Rs 5 for Pupil Teachers and Rs 7, 10, 12, 15, 20, 25 and 30 for Head and Assistant masters Out of 570 Head and Assistant masters of Taluk Vernacular schools employed at present only fourteen are drawing Rs 25 and nine Rs 30 each. The Lady Superintendent, the Headmasters and the two recently appointed lady teachers of the two Government Girls' Schools in Bangalore and Mr B Mallappa of the Government Kannada School Mysore are the only teachers of Vernacular schools who get more than 30 Rs a month For more than thirty years the Scale of pay for Vernacular Taluk schools has remained unchanged while all of them have greatly advanced in the standard of education and grown in strength During the last thirty years the cost of living has greatly increased It is distressing to notice the hardships that the teachers who are mostly burdened with large families suffer on account of their poverty I submit it is very necessary to improve the scale of pay and make it more suitable both to the existing state of the schools and the present cost of living Hitherto the practice has been to propose almost every year under the head of increases and new hands" promotions

for deserving teachers This practice gives but partial relief to a few teachers and is attended with many inconvenences A revision of the scale of pay is now required such as would obviate the necessity of asking for special sanctions under the head of 'increases' I submit a revised scale for sanction which raises the annual cost of the establishments of 196 Taluk Vernacular Schools from Rs 69,408 to Rs 88,176 or by 27 per cent

d. Revenue 18,768

2 The salaries of the Head and Assistant Masters of the 54 Anglo-Vernacular schools also require revision- Of the 437 teachers employed in these schools at present only 7 get more than Rs 30, and altogether 20 get more than Rs 25, as will be seen from the annexed statement of the present and proposed scales By the revision the total annual cost will increase from Rs 63,828 to Rs 76,356 or by 19 6 per cent The reasons for the revision are the same as for the Vernacular schools

difference 12,528

Total increase 31,296

3 From the Directory of teachers in the Local Board and Municipal Anglo-Vernacular and Vernacular schools of the Kanarese districts of the Bombay Presidency of 1897 I take the following figures of the scales of pay adopted in those districts for comparison with the revised scales submitted

ervants employed in the schools in Malnad

ould be a great boon and remove one
reat obstacle in the improvement of
ese schools. No teachers willingly go
rom the Maidan to the Malnad parts,
nd those that are in the Malnad parts
e always trying to get back to the
aidan parts In addition to the un-
ealthy nature of the climate which causes
creased expenditure on clothes and
ing generally, there is also the increased
thness of provisions in the Malnad
be considered. I recommend that
owances similar to those granted to

be Kindly sanctioned for the teachers and servants in the Malnad Taluk stations, and half the rates for the teache employed in Semi-Malnad stations The rates of allowances granted for the Kolar Gold Fields are —

For masters on Rs 10 and under-Rs 2
—— Do —— above Rs 10 and not exceeding 15 —— Rs 3
—— Do —— above Rs 15 and not exceeding — 20 —— Rs 4
—— Do —— more than Rs 20 —— Rs 5

For menial servants both in the Malnad and Semi-Malnad Taluks I have proposed an uniform increase of Re 1 I submit two statements showing the increased cost of granting these allowances which are summarised as follows —

Anglo-Vernacular Schools —— Monthly
Malnad allowances —— Rs 89
Semi Malnad — Do —— Rs 94-8

Vernacular Schools
Malnad allowances —— Rs 48
Semi-Malnad — Do —— Rs 62

Total Rupees 293-8-

The cost of these allowances will be approximately Rs 293-8-0 or Rs 3,522 annually and the exact figures will depend on the number and salaries of teachers and

Inamdar servants enclosed from year to year in the Inamdar and semi-Inamdar talukas.

From

H J BHABHA Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the General and Revenue Depttts,
Bangalore

SIR,

With reference to your Docket No 1818 / 2723-96 dated 6th August 1898, I have the honour to inform you that a tabular statement in the form prescribed by Government amounts to a detailed history of the services of more than 900 masters Government desire to know "the present pay, date of entering service, and promotions given since then with dates" The preparation of such a history I submit would impose a task upon the office that it is quite unable to perform in addition to the heavy current

Nr to be sent vernl

[illegible]

work.

2 Government also desire me to state before sanctioning a revised scale the "increase of pay now recommended" in the case of individual teachers. I submit it is not increases for individual teachers that I have asked Government to be good enough to sanction, but a revision of the existing scale of pay which Government themselves have called for in para 7 of Order No 2918-19- Ed 7 44-96, dated 28th August 1897. About the imperative necessity of such a revision there can not be two opinions. How the present salaries of Vernacular and Anglo-Vernacular Masters in Mysore compare with those of teachers of corresponding rank in the Kanarese districts of the Bombay Presidency I have shown in detail in my letter No 10915/357 dated 21st May 1898 In my annual tours through the Province I am greatly distressed to hear on all sides one uniform cry for better pay from low paid teachers suffering in all manner of ways from poverty.

printed GP
Part 1 of 2

while their more fortunate brethren in other departments with inferior educational qualifications and less exacting work are in receipt of higher salaries - When a revised scale is sanctioned by Government, it will be my duty to prepare in consultation with the Deputy Inspectors and Head masters a nominal list of teachers who in my opinion deserve promotion This list I shall be glad to submit if necessary for the approval of Government

3 With reference to the concluding part of the docket under reply I have prepared a tabular statement showing the number strength cost and results in Public Examinations of Anglo-Vernacular and Vernacular Schools maintained from State-Funds for the eight years from 1890-91 to 1897-98. It will be seen that the number of schools rose during this period from 137 to 255, the number of scholars from less than 13602 to 21703, the number of teachers from

395 to 913, and the cost to Government from Rs 66,505 to Rs 1,45,494 In the Results of the Lower Secondary Examination there has been equally remarkable progress, the average number of passes in the first four years being 348, and the average number of passes in the latter four years 648 The results of the English Examination have not shown as great progress as those of the Vernacular Examination, partly on account of the inefficiency of many of the English teachers transferred with the Municipal English Schools to Government service in 1894 and partly because the Local Examination Board has always maintained a high standard of qualification in English During these eight years the curricula and classification of Primary and Middle Schools have been thoroughly revised. In place of the old four Vernacular classes there are now seven in all Taluk Schools, and the work of each

class is fuller, more varied and more instructive (2) The curricula of the English classes have received similar expansion and improvement The Lower Secondary Examination of Mysore which took the place of the old Vernacular Pupils' Examination and the Madras Middle School Examination in 1891 is in standard second to no corresponding examination in any part of British India With these additional facts before Government I trust they will be pleased to sanction the proposals for a revised scale of pay submitted in my letter No $\frac{10915}{357}$ of 21st May 1898

I have the honour to be,

Sir,

Your most obedient servant,

HJ Bhabha

Inspector General.

SIR,

With reference to para 2 of Order No 10880-1 ED 7 23-96 dated 20th March 1899, as Government are now in possession of all the information they required in the Secretary's docket No 1818 ED 7 23-96 dated 6. August 1898, I have the honour once more to invite the attention of Government to my letter No 10915/357 dated 21st May 1898 in which I proposed a revised scale of pay and Malnad Allowances for teachers of Vernacular and Anglo-Vernacular Schools paid for from Provincial Funds The want of adequate pay has caused a large amount of discontent Considering the advantages

Government have been pleased to revise the pay of the establishments or considering the scale of pay adopted for teachers in similar schools in the neighbouring provinces the teachers of Vernacular and Anglo-Vernacular Schools in Mysore have I submit a just grievance I commend to the most favourable consideration of Government their earnest appeals for more adequate remuneration. Work has become much harder than it was some years ago, the qualifications of masters have greatly improved, and the state of middle and primary education has rapidly progressed to a degree of efficiency never attained before But the improvement in the scale of pay has by no means kept pace with improvements in other respects.

I have the honour to be,

Sir,

Your most obedient servant,
